# Harmony Reign

Harmony Reign - Where Queens Arise....

I believe we create Harmony by liberating ourselves and believing our minds and hearts deserve to be free. There is a beautiful synergy between the two that ignites the flame of a healthier you and thus we REIGN!

This place of gathering and sharing is one for women to come together for **Healing, Empowerment, Inspiration, and Reclamation.**

We want women to be uplifted and become all they were designed to be. Harmony Reign will light a fire in the hearts and minds of its subscribers as well as challenge them to heal, grow and push themselves to the next level of their authentic purpose.

We are Queens, we have a legacy through our heavenly father...we are Heiresses. Romans 8:17 assures us that we are Heirs of God and Joint Heirs with Christ...We aren't easily broken; we may suffer but in Him we glory together.

I am reminded of these and want to be certain that you are as well.

With Harmony Reign I have an acronym for the word HEIR  
We will discuss and focus on Healing, Empowerment, Inspiration, and Reclamation.
